

Sports Premium Report

Our Vision

At The Belham Primary School, PE and school sport is seen as a key factor in providing an inclusive and exciting education. Having high quality PE lessons throughout the school, we aim to provide the opportunity for pupils to develop and become healthy, confident, competent and enthusiastic individuals, who have the skills to participate and be sports leaders in extra- curricular activities. The school sports premium will be used to further enhance the PE and sports provision at 'The Belham' and to promote a healthy lifestyle.

What is the Sports Premium?

The primary P.E and sport premium is paid to schools to fund additional and sustainable improvements to the provision of PE and sport, for the benefit of primary-aged pupils, to encourage the development of healthy, active lifestyles.

All schools with 17 or more primary-aged pupils receive a lump sum plus a premium per pupil. Below you will see our four-year spending strategy.

Our Long-Term Spending strategy:

Over the last five years we have used the Sports Premium funding to establish a broad range of sports taught as part of our standard curriculum; we have expanded the range of opportunities in our wrap around care (we now have around 7 free before school sports practices and 29 paid for after school clubs – many of which are sports based); we have enhanced our lunchtime provision to get children active during break times; we have established ourselves in the competitive circuit of both the state and independent sectors in our area and we have worked with local partners to set up a local primary sports league. Over the last year during Covid we have provided remote PE lessons, dance lessons and Yoga sessions. In addition to that we have invested in sessions and activities that promote active movement such as purchasing blender bikes for each year group to use.

Our spending for the last year:

Spend for 2020-21 against a grant of £18900

Remote Provision	£2,380.00
Top Up Swimming	£5000
Nutrition: Blender Bikes	£2000
CPD	£1000
Yoga	£3000
Sports Coach	£6,217.00
Total	£19597

We have carried forward some of our ringfenced spending from 2020-21 to facilitate a catch-up swimming offer in the 2021-22 academic year.

Sports Premium Report

While the amount of the grant for the year 2021-22 has yet to be published, reports suggest it will be similar to this year (meaning we should expect around £18,900). Our priorities are:

- Catch-up Swimming (Yr. 2,3,4,5&6) - £5000 (carried over from 2020-21)
- Swimming gala - £2000
- Develop competitions (Inter house leagues, Peckham primary plaque and other local leagues) - £2000
- Transport to sports fixtures (TfL no longer provide an adequate number of free travel tickets to cover sports fixtures) - £900
- Nutrition & Obesity (Promoting active lifestyles, nutrition training for staff and children) - £4000
- Expanding our curriculum offer (diversity of provision) - £1000
- Developing the playground to be a more active space - £6000
- Yoga - £3000

Measuring the Impact:

We will evaluate the impact of the Sports Premium funding as part of our normal self-evaluation and provision mapping arrangements. We will look at how well we use our Sports Premium to improve the quality and breadth of PE and sporting provision, including increasing participation in PE and sports so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.

Measuring the impact of the activities provided with sports premium funding can be achieved in different ways. We will look at progress in PE as well as other areas of development such as self-esteem, confidence, and the number of pupils involved in sporting activities in and out of school. We will also evaluate the impact of professional development opportunities in improving teaching and learning in PE.

Whilst it has been difficult to measure the impact due to Covid we do know that our online provision has had a positive impact for our wider community (we know this both from anecdotal comments and from the viewing statistics). We know that our taught provision has had a positive impact (though formative assessment by our sports coach). Our overall provision has continued to expand and diversify as a result of our planned spending.

Swimming:

This is our first year reporting on swimming data for Year 6.

The percentage of Year 6 leavers who could swim competently, confidently and proficiently over a distance of at least 25 metres is **93%**.

The percentage of Year 6 leavers who could use a range of strokes effectively, for example, front crawl, backstroke and breaststroke is **93%**.

The percentage of Year 6 leavers who could perform safe self-rescue in different water-based situations was **unable to be attained due to swimming pool closures**.
